

REMARKS

The single claim in the application is the newly added Claim 36, which corresponds to the Claim 21, together with the limitations of Claims 25 and 27.

The Examiner had not rejected Claim 25 under 35 USC 103(a), and therefore it is presumed that the new Claim 36 would be allowable over the cited prior art. This claim is supported by the original claims as filed and the Specification generally. No new matter has been added. Reconsideration and withdrawal of the rejection under 35 USC 103(a), insofar as it could be applied to the new Claim 36, is respectfully requested.

The Claims 21-25 had been rejected under 35 USC Section 112, 2nd paragraph, as indefinite. The new claim 36 does not include the phrase “racemic mixtures thereof” Reconsideration of the rejection under 35 USC Section 112, 2nd paragraph, is respectfully requested.

The specification has been corrected as requested.

In regard to the IDS, the examiner is advised that an IDS was filed for this application, on July 30, 2009, and the filing of this paper is properly recorded in PAIR. An extra copy of the 1449 and 609D as submitted is attached for the convenience of the examiner.

This application is believed to be in condition for allowance. Reconsideration of the above remarks and Notice of Allowance is respectfully requested.

Respectfully submitted,
/Hesna J. Pfeiffer/
